

A senior health care program you can have confidence in.

WelbeHealth's Program of All-Inclusive Care for the Elderly (PACE) provides seniors with health care in a unique way.

Here are just a few of the PACE high quality outcomes¹:

Reduced hospital admissions

24% ↓

Lower hospitalization rate than dually eligible beneficiaries who received Medicaid nursing home services.

Decreased Re-hospitalizations

16% ↓

Less than re-hospitalization rate of 22.9% for dually eligible beneficiaries age 65 and older.

Reduced ER visits

<1 per member per year

Only 5% of nursing home eligible PACE participants currently reside in a nursing home.

PACE hospital readmission rate

19.1%

Comparable rate for all 65 dual eligible enrollees is 22.9% and Medicare fee-for-service beneficiaries is 19.6%.

Fewer nursing home admissions

Despite being at a nursing home level of care, PACE participants have a low risk of being admitted to a nursing home.

PACE participants receive better preventive care

Specifically with respect to hearing and vision screenings, flu shots and pneumococcal vaccines.

Caregiver satisfaction rates

96%+

More than 96% of family members are satisfied with PACE.

High participant satisfaction

4.1 out of 5

Participant satisfaction rating

PACE enrollees are less likely to suffer depression

27% of new PACE enrollees scored as depressed on an assessment administered before enrollment. Nine months later, 80% of those assessed as depressed no longer scored as depressed.
