- A. You can verbally discuss your grievance either in person or by telephone WelbeHealth staff such as your Social Worker, Nurse, and/or the Center Manager. The staff person will make sure that you are provided with written information on the grievance process and that your grievance is documented on the Grievance Report form. You will need to

provide complete information of your grievance so the appropriate staff person can help to resolve your grievance in a timely and efficient manner. If you wish to submit your grievance in writing, please send your written grievance to:

No reference that you have elected to file a grievance with WelbeHealth will appear in your medical record.

Investigation of your grievance will begin immediately to find solutions and take appropriate action.

WelbeHealth staff will make every attempt to resolve your grievance within 30 calendar days of receipt of your grievance. If you are not satisfied with that resolution, you and/or your representative have the right to pursue further action.

In the event resolution is not reached within 30 calendar days, you and/or your representative will be notified in writing of the status and estimated completion date of the grievance resolution.

II. Expedited Review of Grievances

If you feel your grievance involves a serious or imminent threat to your health, including, but not limited to, potential loss of life, limb or major bodily function, severe pain, or violation of your participant rights, if an expedited review is approved by the Medical Director, the Quality Improvement Department staff or designee will expedite the review process to a decision within 72 hours of receiving your verbal and/or written grievance and request for expedition.
